THE AMERICAN SOCIETY OF LIMNOLOGY AND OCEANOGRAPHY, INC.

AMERICAN SOCIETY OF LIMNOLOGY AND OCEANOGRAPHY, INC.

Officers and Board of Directors

President: EDWARD S. DEEVEY, JR., Florida State Museum
Vice-President: RICHARD DUGDALE, University of Washington
Secretary: GEORGE W. SAUNDERS, JR., U.S. Atomic Energy Commission
Treasurer: ALFRED M. BEETON, University of Wisconsin-Milwaukee
Past President: J. H. CARPENTER, University of Miami
President of Pacific Section: EUGENE B. WELCH, University of Washington
Secretary-Treasurer of Pacific Section: C. E. CUSHING, JR., Pacific Northwest Laboratory
Members-at-Large: R. W. HOLMES, University of California, Santa Barbara (1972–1975)
WILLIAM G. PEARCY, Oregon State University (1973–1976)
TREVOR PLATT, Bedford Institute, Dartmouth (1974–1977)

LIMNOLOGY AND OCEANOGRAPHY

LIMNOLOGY AND OCEANOGRAPHY is a journal published bimonthly (Jan, Mar, May, Jul, Sep, Nov) at Lawrence, Kansas, by the American Society of Limnology and Oceanography, Inc.

Editor
YVETTE H. EDMONDSON (1974–1977)

Editorial Associate
RAELYN COLE

Editorial Board

R. W. EPPLEY, University of California, San Diego (1972–1975)
H. B. N. HYNES, University of Waterloo (1972–1975)
K. H. MANN, Dalhousie University (1972–1975)
R. T. PAINE, University of Washington (1972–1975)
EVERETT J. FEE, Freshwater Institute, Winnipeg (1973–1976)
G. WOLFGANG FUHS, New York State Department of Health, Albany (1973–1976)
DAVID W. SCHINDLER, Freshwater Institute, Winnipeg (1973–1976)
RAYMOND W. SHELDON, Bedford Institute, Dartmouth (1973–1976)
WERNER STUMM, EAWAG, Zurich (1973–1976)
EDWARD GOLDBERG, Scripps Institution of Oceanography (1974–1977)
ALEXANDER HORNE, University of California, Berkeley (1974–1977)
CLIFFORD H. MORTIMER, University of Wisconsin-Milwaukee (1974–1977)
JOHN M. SIEBURTH, Narragansett Marine Laboratory, Kingston (1974–1977)

Membership in the Society is open to persons actively interested in any aspect of limnology or oceanography. Candidates for membership shall be nominated by two active members. Annual dues are $15.00; student members, $10.00 (3-yr limit); associate members, $1.00. The subscription rate to LIMNOLOGY AND OCEANOGRAPHY for libraries and nonmembers is $20.00 per year. Remittances from countries other than the United States must be paid in U.S. currency or its full equivalent. Please address correspondence as follows:

Manuscripts, corrected proofs, editorial matters: Dr. Yvette H. Edmondson, Editor, Department of Zoology NJ-15, University of Washington, Seattle 98195.

Memberships, general information: Dr. George W. Saunders, Jr., Secretary, P.O. Box 853, Gaithersburg, Maryland 20760.

Subscriptions, changes of address, missing issues, single and back issues ($5.00 each v. 1–13; $4.00 each v. 14–19; $5.00 for v. 16 No. 2), *payment for reprints, release of copyright:* Dr. Alfred M. Beeton, Treasurer, Department of Zoology, University of Wisconsin at Milwaukee 53211.

Reprint orders: Allen Press, Inc., Lawrence, Kansas 66044.

© Copyright, 1975, by the American Society of Limnology and Oceanography, Inc.

Known office of publication: Department of Zoology, University of Wisconsin at Milwaukee 53211.

Second-class postage paid at Milwaukee, Wisconsin 53211 and at additional mailing office.

TABLE OF CONTENTS

Volume 19, 1974

Number 1, January

Bannister, T. T. Production equations in terms of chlorophyll concentration, quantum yield, and upper limit to production 1

Bannister, T. T. A general theory of steady state phytoplankton growth in a nutrient saturated mixed layer 13

Berman, Thomas, and Utsa Pollingher. Annual and seasonal variations of phytoplankton, chlorophyll, and photosynthesis in Lake Kinneret 31

Kiefer, Dale A., and Roswell W. Austin. The effect of varying phytoplankton concentration on submarine light transmission in the Gulf of California 55

Welch, Harold E. Metabolic rates of arctic lakes 65

McLachlan, A. J. Recovery of the mud substrate and its associated fauna following a dry phase in a tropical lake 74

Fotheringham, Nick. Trophic complexity in a littoral boulderfield 84

Hynes, H. B. N. Further studies on the distribution of stream animals within the substratum 92

Gehrs, Carl W. Horizontal distribution and abundance of *Diaptomus clavipes* Schacht in relation to *Potamogeton foliosus* in a pond and under experimental conditions 100

Berman, Mark S., and Sumner Richman. The feeding behavior of *Daphnia pulex* from Lake Winnebago, Wisconsin 105

Ramm, Alan E., and David A. Bella. Sulfide production in anaerobic microcosms 110

Vanderhoef, Larry N., Chi-Ying Huang, Robert Musil, and Jeffery Williams. Nitrogen fixation (acetylene reduction) by phytoplankton in Green Bay, Lake Michigan, in relation to nutrient concentrations 119

Bezdek, H. F., and A. F. Carlucci. Concentration and removal of liquid microlayers from a seawater surface by bursting bubbles 126

Notes

Blanchard, Duncan C., and Lawrence D. Syzdek. Bubble tube: Apparatus for determining rate of collection of bacteria by an air bubble rising in water 133

Djurić, Dušan, and Henri R. Leribaux. On the determination of turbulent diffusivity in shallow waters by aerial photography of floating markers 138

Ben-Yaakov, S., and E. Ruth. An improved in situ pH sensor for oceanographic and limnological applications 144

Brown, Helen Davis. A new technique for the study of epiphytic algae 151

Williams, D. Dudley, and N. E. Williams. A counterstaining technique for use in sorting benthic samples 152

Speir, Jon A., and N. H. Anderson. Use of emergence data for estimating annual production of aquatic insects 154

Loden, Michael S. Predation by chironomid (Diptera) larvae on oligochaetes 156

Webster, R. M. An inexpensive sampler for studying the microbiology of river mud 159

Hatcher, Roger F., and Bruce C. Parker. Laboratory comparisons of four surface microlayer samplers 162

Comment

Garrett, William D. Comments on "Laboratory comparisons of four surface microlayer samplers" (R. F. Hatcher and B. C. Parker) 166

Edmondson, Yvette H. Editorial comment: Policy 167

Book Reviews

Detritus and its role in aquatic ecosystems (U. Melchiorri-Santolini and J. W. Hopton [eds.]) ..... J. E. Hobbie 169

A guide to the measurement of marine primary production under some special conditions (UNESCO) ..... Lawrence R. Pomeroy 170

Proceedings of the American Society of Limnology and Oceanography, Inc. 171

American Society of Limnology and Oceanography, Inc. Financial Statement 173

Number 2, March

Serruya, Salvador. The mixing patterns of the Jordan River in Lake Kinneret 175

Sharaf El Din, S. H. Longshore sand transport in the surf zone along the Mediterranean Egyptian coast 182

Bourke, Robert H., and June G. Pattullo. Seasonal variation of the water mass along the Oregon-northern California coast 190

Thomas, N. D., and D. J. Clarke. Resonant and nonresonant motion in a spindle-shaped basin with an entrance 199

Walker, K. F. The stability of meromictic lakes in central Washington 209

Pytkowicz, R. M., and J. E. Hawley. Bicarbonate and carbonate ion-pairs and a model of seawater at 25°C 223

Whitfield, Michael. The ion-association model and the buffer capacity of the carbon dioxide system in seawater at 25°C and 1 atmosphere total pressure 235

Wheeler, Patricia A., Barbara B. North, and Grover C. Stephens. Amino acid uptake by marine phytoplankters 249
